

NTK Knowledge Transfer Academy 2026/2027

Exploring the Potential of Early-Stage Research

Do you have research results that could change the world?
We'll help you turn them into real-world impact.

How the programme works

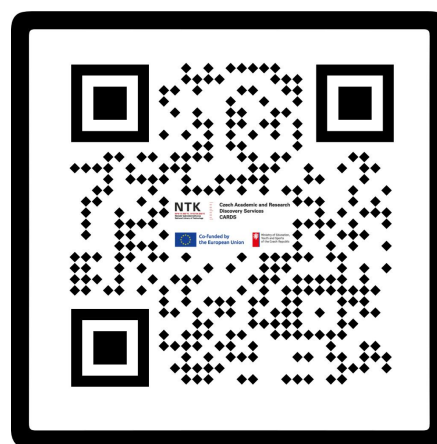

- October 2026 — April 2027
- 8 Educational Modules
- Validation Clinic + 2 Founder Evenings
- Individual Pitch Preparation + Grand Finale
- In person, in English, at NTK Prague
- 30–40 participants

Who it is for

- **Research Project Leads**
students, PhD candidates, postdocs, researchers and research group leaders with their own project
- **Venture Collaborators**
participants interested in business development, product, marketing, finance, analysis and venture building

Outcome

- By the end of the programme, you will have a project ready for the next step — licensing, proof of concept, collaboration with industry, a spin-out, or further technology development

Apply for the next cohort
Apply by 20 September 2026
